Yerkes Future Foundation's

5TH BIRTHDAY PARTY

SATURDAY, SEPTEMBER 13TH

Dear Friend,

We are excited to announce Yerkes Future Foundation's 5th Birthday Party, an upcoming Fundraising event hosted by Yerkes Observatory on Saturday, September 13th. We are seeking community partners who share our passion for Yerkes, and we invite you to join us as a valued event sponsor.

In just five years, Yerkes Future Foundation has:

- Saved Yerkes Observatory from being demolished
- Started restoration of the building, grounds, and telescopes
- Reopened Yerkes to the public for tours and events
- Created a 10-year strategic plan with ambitious and exciting goals for the future, including a new Education and Visitor Center

Yerkes Observatory has become a beacon for discovery and creativity, providing our community with opportunities to explore the wonders of the universe—from stargazing nights and school programs to exceptional speakers including astronauts and artists. Our vision is to create a world-class gathering place for experiences that connect science, the arts, and landscape.

By sponsoring Yerkes Future Foundation's 5th Birthday party, you are not only supporting a treasured community resource—you are helping ignite curiosity and a love of learning in people of all ages.

Please see the back for event sponsorship levels and benefits and thank you for considering this opportunity to partner with us. For questions, more information, or to become a sponsor, please contact Development Director Sherry Shaffer at sshaffer@yerkesobservatory.org or 262-607-6657. We will be in touch soon!
